Who was Mr. Bob Harper? Stays Speculation on my end. #
* AKA Frank White? #31 P.P. 84
He was a older man, older than Frank Clark Jones, 31 who was 37 years old when I was born and Eva was 31. I used to tease him and call him a white man. I would say, "You is a white man and I Am Black." He would sit on the bench in the front and Get drunk and chew tobacco. And after he would Fall out, Someone would take him upstairs. Though I talk Shit to him, nobody else could or was allowed to. He was respected His two sons was Frank and Caleco. Frank is the Father of Frank "Maron" Jackson and Kevin Jackson, both are really Harpers. But who is Harper? * Robert Poole?

Sharon Harper, I always loved. She was tall, light skin, pretty with such beautiful hair. Her daddy was Caleco. Then there was Toni another Fine honey, but when I was a teen I became attracted to Rubin, her cousin, and She was a Bob Harper Bloodline. I use to Go to the Asturia pool just to see Rubin in her bathing Suit. Then one day I was told, "Toni is Fine." "Toni is Finer than Rubin?" "Toni is Finer than Rubin" "Impossible She is too small." Toni turned into another Super pretty in tradition of Sharon, with a body like Rubin. I had to ponder, because I Got jealous when I say the name "Sharon Figueroa" and talks about her Grand Children. I Felt like I lost one of mine's. She is a little older than me. Here is the catch I've been in Sharon's bedroom when we was kids. Who you know ever could do that? And one day Michael "Chick" Alston, took me to her job to pick her up in his car. I Got in the back seat. He was Mr. Money drug dealer and I was looking broke. But who you think Sharon showed love towards? Me? I think Sharon Harper is my Sharon and not Sharon Alston. And in Speculation and not Facts Proven. Bob Harper just might have been my Son Robert aka Lucky Luciano.

THIS Means Possibly: Me → Bob - Son - Frank & Caleco - Grandson - Great Grand children - Great Great Grand children. Bob did look like Lucky, but Lucky disappeared From the Scene in 1963. It's a speculation, but my heart says Sharon really belongs to me.
