

Who Was Don Carlo Gambino (A Hasidic Jew is a Watered Down Zulu)

THE TERM DON IS A FRENCH TITLE. A Mafia Don is not called a "Don." And that is why "This thing of ours, is called the "Costa Nustra." Anyway the Mafia originated in Sicily and not France. I guess if you have French Vanilla and Vanilla beans come out of Africa, French Fries out of Idaho, hell under

Don Carlo, you had the French version of the Mafia (Jews) I met him once as a little boy about 3 years old and my mother took me to him. Before this meeting I met with the Hasidic Jews, who rejected me saying, "IF we acknowledged him, what would people think" Because they are Pass For White Watered down French/Zulus. I said to my mother "They ain't Jews!" I was angry. THEN I was taken to the Mafia. And this meeting was about my return for my services. I was billed as an insidious little kid. All I really remember was saying

"Mucha, mucha, I wanted more Mucha and Carlo got angry and said "Ask for what you want and stop acting like a baby." And from then on, that is what I did with them.

In 1975-76, Carlo Gambino died, he had another heart attack and I could not keep reviving him, they would have known, Evil died, Elisha died and I believe Bob Harper died around that time. Who is alive and who is dead, I AM not certain about Carlo. Before he died I earned \$50 million and invested it. He named his successor "Paul Castellano" and everyone knew it was me, but Bis Paul made his move. (I AM BRIDSEWATER! ASSOC.)

In September 1985, I went AWOL to go to New York City for the Bis meetings "Who is the Real Paul Castellano." I was told to not say anything, because had I, they would have known, because I could have single handedly whacked every last one of them using their guns against themselves. "Will the real Paul Castellano, please stand up?" Bis Paul stood up. THEY clapped. "Now it is settled." He signed his own "Contract." And now we can see why. Just September 1985 years after

he stole my shit, we have this Bis meetings he had to call. THEN in December 16th 1985, he gets whacked, shortly there - After John goes down, I get a psychiatric profile and go into the FEDS correctional system, meanwhile Rene DeBer is in my home. But what they did not know was, when I went to see Pres George H.W. Bush, I gave John 10 years and in 1986

July 84, John told me about Sammy. He said "I told him to bend over to Fuck him in the ass and he did, he is a Fas. I said, "Tell him to snitch him out."
